GRASS VALLEY, Aug. 2.—Surprising all of his friends and relatives, Judge J. H. Logan, the man who founded the town of Brookdale, and who is now rounding out his 80th year, was secretly married yesterday to Miss M. E. Couson, a stenographer, who has still to celebrate her twenty-fifth birthday anniversary. The marriage ceremony was performed in the home of the bride's parents, Mr. and Mrs. W. R. Couson, of Brookdale. Judge Logan was at one time presiding judge in the local Superior Court. Besides other interests he holds the presidency of the Pitt River Power Company, and is prominently interested in local affairs.

BUILDING WORK TIED UP.

No Agreement Reached in Hod Carriers' Strike—Contractors Consider Declaring for Open Shop.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, Aug. 2.—[Exclusive Dispatch.] The committee of contractors in the hod carriers' strike repeated its statement today that brick and plastering work is still tied up and that no new jobs had been started.

In reference to the report coming from the Building Trades Council that a large number of men were at work, the contractors' committee says that the men are not working because the contractors are not working and that only miners who are working have found employment as laborers in sever and other jobs.

The committee also says:

"Supervisor Nelson, business agent of the Building Trades Council, stated in his interview with the Builders' Exchange Committee of the Municipal Council, that the Builders' Association would not arbitrate the present strike.

Secretary Tavelmo of the Building Trades Council asks the Builders' Association to meet the Exchange Committee of the Building Trades Council, but W. S. Scott, secretary of the Masons' and Builders' Association, said his association would not send representatives, as the whole question had been passed up to the Building Trades Council.

If some action is not taken soon the big contractors will declare open shop and import non-union mechanics from Los Angeles and Portland.

Three Socialists Spend Night in Dungeon at Portland; Change Minds About Work.

[ASSOCIATED PRESS NIGHT REPORT.]

TOCKTON, Aug. 2.—[Exclusive Dispatch.] After pleading guilty to horse stealing and throwing himself upon the mercy of the court, being sentenced to eight years' imprisonment in Folsom, T. J. Miller, a blacksmith, relates a story of vice, sickness and misfortunes that caused the officers to postpone taking him to prison. He is also very ill and has completely collapsed. The sentence was pronounced in full and he was to be taken to prison.

Miller is to be taken to prison on probation, as he will be placed on probation later, as he is to have only a short time to live. His wife will stay in full, till ill to leave.

ICE CREAM CONES HARMFUL

Francisco Tests Show Analine Dye in Preparation—Cone Factories Are Warned.

[ASSOCIATED PRESS DAY REPORT.]

AN FRANCISCO, Aug. 2.—A laboratory analysis conducted by the city health department has revealed, it is said, that injurious analine dye in ice cream cones used in large quantities by confectionery stores and hawkers here, and are being used to color the ice cream.

The court yesterday the man announced that they would not pay their fines, but would go to the rock piles instead. On the way out they told Superintendent Briggs that they would refuse to work and thus add to the scene of a system to which they were opposed.

There is a special dungeon for such cases at the quarry building, where on daylight often penetrates.

Lloyd, Fisher and Dixon spent the night there, when their master came to serve them their meal. This morning he found three more cases to go out and pound rocks. Dixon will be brought back from the quarry Thursday to be tried on a charge of disorderly conduct.

COACH OF GEN. VALLEJO.

Hairs of Mexican General Donate Relics to Golden Gate Park Memorial Museum—Well Preserved.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, Aug. 2.—[Exclusive Dispatch.] The famous coach of Gen. Vallejo, which came to California from England in 1856, with many documents and relics from the Spanish general's regime in California, have been secured for the Golden Gate Park Memorial Museum by Curator Barron, who returned to Sonoma. The relics have been donated by the heirs of the general, who are living at Sonoma.

The coach is in a wonderful state of preservation, being made of carved and polished wood. It is the property of the coach and driver, who was the coachman for the general's wife, who died in 1856.

The collection of manuscripts includes many manifested from the throne room, the dining room, and many orders under the signature of Gen. Vallejo. His sword and epauletts and many personal relics have also been secured by the curators.

Barron is working up a splendid collection of relics of the early days of California for the pioneer room, in order to have it in shape for the Admission Day festival, during which he will turn it over to committee from the Native Sons.

GRAPES GROWERS WORRY.

PRICE REPORTS CONFLICT.

[BY DIRECT WIRE TO THE TIMES.]

STOCKTON, Aug. 2.—[Exclusive Dispatch.] The grape growers throughout Northern San Joaquin county are much worried over conflicting reports as to the price of wine grapes this season. Up till recently they had been led to believe they would be paid \$10 to \$10 per ton, but it is now said the West Winery will not pay those figures, though the announcement comes from Fresno that the California Wine Association has fixed the price at \$8.50 per ton for that section.

DROUGHT IN ALASKA.

SETBACKS TO MINERS.

[ASSOCIATED PRESS DAY REPORT.]

FAIRBANKS (Alaska) Aug. 2.—The drouth experienced in the Tanana Valley this summer has had a serious effect in curtailing the gold output of the district, the water shortage greatly reducing sluicing operations.

output for the Fairbanks district was \$10,000,000 in July, and it is estimated that the total output for the month of August will be \$6,000,000. The labor shortage resulting in the rush to Fairbanks in June, has served to reduce mining operations in that district.

The Lodi Cooperative Winery

people, who have greatly increased

the capacity of their plant, say many of their members will not have sufficient grapes to fill their allotment

for which they are entitled from the outside, and that they are figuring on paying from \$8 to \$10 per ton for grapes thus purchased.

## ROOSEVELT IS MINERS' GUEST.

Visits Workers in Anthracite Region.

Gets Material for Writing a Descriptive Story.

Also Talks With Girls in Silk Factory.

ASSOCIATED PRESS NIGHT REPORT.

SCRANTON (Pa.) Aug. 2.—Theodore Roosevelt spent the day in Dickson county among the workers in the coal fields of the Pennsylvania Anthracite region.

Known to be the object of his trip is not known, it is said he intends to write a story descriptive of the fields.

He met and talked with the men who dig coal, as they came from the mines, black with grime. He talked with them about their homes, their children and their manner of living and learned from their own lips how they look at life. He climbed to the top of a coal breaker and spent half an hour there in the stifling coal dust so he might see what the boys who work there have to do.

He spent another half hour in a silk factory, talking with the girl workers. He plodded two miles through the dust up hills and in all manner of places and he returned to Scranton as evening was drawing near, black with his grime but smiling with delight at his experiences.

Many of the toilers had no idea of the ex-President's identity, which he took care to conceal when possible, until he had finished his talk.

VISITS MINER'S HOME.

Meeting Jake Kavanaugh, a miner, walking down the street, Col. Roosevelt stopped him and said, "I am going to go home and talk with you," and Kavanaugh agreed.

They walked up a side street to a small frame house with most of the paint worn off. Kavanaugh led the visitor in and sat him down on the porch. He went inside and brought out Mrs. Kavanaugh and two of her children.

It was at the noon hour, so that Kavanaugh had time to talk with the former President, who spent an hour there. He went to the house and the small, neat rooms and complimented Mrs. Kavanaugh on her efficiency as a housekeeper.

Then all hands were back to the porch, where the talk concerned mining in general. Everybody was in the same awe of Roosevelt's presence and the whole population rushed out to see him.

Mr. Roosevelt tore himself away from the crowd at length and turning from the main street, walked up the hill to the mine. He entered the cluster of ugly, black buildings at the south of a mine.

As he walked up Ishai Jenkins patred down, barefoot, in the dust. Jenkins is a miner. He had no coat and no hat or cap. He had just come out of the mine and was black with coal. Col. Roosevelt stopped him and shook hands.

SEES THE BREAKERS.

Jenkins offered to show him the breakers and the colonel accepted. They climbed three flights of stairs to dizzy height and reached the top of the chute. Col. Roosevelt found two breaker boys who kept on sorting coal from coal as the train came along. They were white, thin, and a heat intense, but the colonel stayed a quarter of an hour. When he came down he was black as black can be.

Jenkins took the colonel home and they found Mrs. Jenkins on her knees in the kitchen on the floor. The toilet went over to the sink and when off some of the dirt before he could shake hands with her.

The party then left the village and stored to Peckville, a hamlet four miles further north. There a silk mill in Peckville and Col. Roosevelt went through it, talking with young girls who spend their days winding silk thread on spools.

After he had removed the dust at his hotel and John Mitchell for an all-day tour small towns around Wilkes-Barre.

## NUTTER WRECKED IN BERING SEA.

TRY RUNS ON REEF AND IS A TOTAL LOSS; CREW SAFE.

Vessel Fills With Water and Lack of Facilities Prevents Saving Her. Half-Hundred Officers and Men Disbursed Among Fleets—Scenes of Disaster Dangerous.

ASSOCIATED PRESS NIGHT REPORT.

WASHINGTON, Aug. 2.—The first loss of a revenue cutter since Galatin was driven on a rock in Bering harbor in a heavy snow-storm eighteen years ago, has been known today, when official sources reported that the Perseverance, carrying half a hundred officers and men, had run on a dangerous reef in Bering Sea, and was total loss.

No lives were lost and the men have been distributed among the other craft that guard the sealing herds and perform other duties in those far northern waters.

The revenue cutter Perry was one of smallest but the oldest of the fleet. She ran ashore on the 26 at Tonki Point, on the east of St. Paul Island, one of the Prudhoe Bay group.

News of the loss of the Perry was telegraphed to the Treasury Department by Capt. Fiske, the senior officer of the Bering Sea fleet. In his dispatch, received today, he reported that vessel filled with water and that there were no wrecking appliances in neighborhood.

Fiske visited the wreck, or had her stripped and abandoned and complement distributed to other boats. The Perry was commanded Capt. Haake and carried fifty officers and men. Capt. Haake has been assigned an aide to Capt. Fiske.

Details concerning the accident were it from the revenue cutter Tahama way of Nome, Alaska.

The scene of the wreck is a danger-

ous locality, as a reef projects about one and a half miles off shore.

An inquiry into the wreck will be held at Valdez September 3.

The Tahama had a Japanese seal mounted steamer in tow and was bound to the scene of the wreck by wireless.

NEW DOORS FOR CAPITOL.

They Are Bronze, Massive, and Are Replete With Appropriate Designs—Just Arrived.

ASSOCIATED PRESS DAY REPORT.

WASHINGTON, Aug. 2.—New bronze doors to complete the series of entrance doors to the capitol, have arrived here, and will be placed in the main west entrance of the building. The doors were designed by Prof. Louis A. St. Gaudens, of Washington. The design consists of a transom and two doors with an ornamental frame. The doors are nearly eight feet wide and thirteen feet in height.

In the design of the transom figures represent America in a chariot drawn by lions and led by a child, significant of the superiority of intellect over brute force.

Beside the chariot are figures representing the scholar, architecture, literature, painting, music, sculpture, mining, and the industry.

The sides of the transom panels is a figure of Benjamin Franklin.

Medallions at the four corners represent Peabody, founder of educational institutions; Emerson, philosopher; Horace Mann, educator, and Hopkins, historian and philanthropist.

In the eight panels, four on each of the heavy doors, are scenes symbolic of jurisprudence, science, art, mining, agriculture, electricity, commerce and engineering, and on the sides of the panels are statuettes of famous Americans.

## WASHINGTON BRIEFS.

Drought Appeal Answered.

WASHINGTON, Aug. 2.—The Bearfoot National Forest in Montana has been opened to the grazing of 17,000 additional head of cattle. The action was taken in response to an appeal of the stockmen that the government should open the reserve to their herds on account of the drought.

## JAP LOYALTY TO UNCLE SAM.

MORE THAN MATTER OF JUST A FRIENDLY SENTIMENT.

"It is Something Which Younger Generations Are Taught as a Part Almost of National Feeling," Declares Methodist Bishop of Korea. He Ought to Know, Too.

ASSOCIATED PRESS NIGHT REPORT.

NEW YORK, Aug. 2.—Speaking from the standpoint of thirty years' experience in Japan and five in Korea, the Rt. Rev. Herriman C. Harris, Methodist Episcopal bishop of Korea, who has just arrived in this country, said today that the friendship of Japan for the United States was a striking characteristic, not only of the government, but of the people.

"Japan is bound to Great Britain by the close and definite terms of an alliance, but good feeling toward America is inherent among the people; it is traditional. I would not be going too far in saying that the good will toward this country, which we encounter everywhere among the people, as well as among those in official life, is more than a matter of mere friendly sentiment.

It has been in evidence in Japan for fifty years, and, as I said, is something which younger generations of Japanese are taught to accept as a part almost of national feeling.

"Now, I know this may sound strange, but I know it is true."

## RAILROAD RECORD.

## TELEGRAPH IS OUT OF DATE.

Many Roads Move Trains by Telephone Now.

New System Rapidly Gains in Favor.

Figures Furnished to Railroad Commission.

BY DIRECT WIRE TO THE TIMES.

CHICAGO, Aug. 2.—[Exclusive Dispatch.] Railroad men regard as remarkable the progress which has been made in the extension of train dispatching by telephone on the larger railroads in the last year or two. The Interstate Commerce Commission from the latest reports furnished by the railroads, enumerates 283 lines on which the telephone is used partly or wholly for the transmission of rail orders.

The telephone mileage, by the last account, aggregated 26,344 miles, or a fifth part of the total mileage of the railroads using the telegraph or telephone for train dispatching orders, which is 130,014.

During the last year the mileage of railroads on which the telephone is used for dispatching purposes has been doubled.

The returns showed that the Lackawanna and Western was using the telephone on 900 miles out of a total of 957; the Virginia, on 470 out of 472; the Pennsylvania, on 1180 out of 1200; the New York lines on 1942 out of 8160 miles; the Santa Fe, on 2100 miles out of a total of 9456; and the Great Northern, on 1511 out of 6356 miles.

The Santa Fe has ordered telephone dispatching equipment for 4000 miles of its system in the intention of directing eventually the entire movement of traffic by telephone.

PREPARING FOR HEARING.

RAILROADS Getting Ready to Prove Need of Advanced Freight Rates to Commerce Commission.

BY DIRECT WIRE TO THE TIMES.

CHICAGO (Ill.) Aug. 2.—(Exclusive Dispatch.) At a meeting of counsel for traffic officials and operating officers of Chicago railroads today further discussion as to the situation in regard to the proposed advanced rates for traffic before the Interstate Commerce Commission at the hearing to be held in this court on August 23.

The railroads will seek to justify their contention of a revenue increase to be derived from the standpoint of the public.

To substantiate the former contention data are being gathered by the accounting and operating departments to show increased costs and expenses and the probable effect on the shipping rates.

SECRET MEETING PLAN DENIED.

BRIDGEPORT (Ct.) Aug. 2—Denial was made by former Ambassador Lloyd C. Griscom today of the story printed in the Bridgeport Post today to the effect that President Taft and Secretary of War Baker had invited invited guests to meet at Mr. Griscom's summer home at Black Rock, at an early date.

NOTWITHSTANDING tremendous extra sales in July, 1909, occasioned by the 4th of July, 1909, was \$10,741.

fields is clear, as far as the Hornet,

as is concerned. Her captain, T. F. Moon, has been released from jail,

deared of the charge of leading a

mysterious expedition, through the mys-

terious disappearance of the Madriz

representative, who preferred the ac-

tion of the settlement.

H. Mohn, a detective in the employ

arrested yesterday. When the

captain appeared before the United

States Commissioner this morning,

Mohn was absent. Officers were sent

to search for him, but they hunted

in vain. His superiors at the detective

agency were much. Mohn had left

town, they said—that is all.

Madriz adherents here declare that

Mohn has been bought off or kid-

napped by the Estrada representatives.

The case against her captain, hav-

ing been dropped, was secured for

newspaper papers and dropped down

the river late this evening. It is as-

serted here that as soon as she gets

outside the three-mile limit, she will

mount three light guns now in her

hold on the gun platform already

in the river on each deck. It is as-

serted here that she has orders to show the

Tenus, the Madriz gunboat now off

Bluefields, a clean pair of heels

should the two ships meet, but, find-

ing that impossible, her present own-

ers are determined to fight their way

through.

FASHION'S FREAKY TIPS.

Now the Properly Tailored Men Will

Appear the Coming Fall—Radical

Changes.

[ASSOCIATED PRESS DAY REPORT.]

CHICAGO, Aug. 2.—Well-tailored

men of the coming fall will be narrow

of shoulders and broad of chest, and

the present type of wide shoulder and

broad "clothing store athlete" will

have vanished from the realms of the

elite.

Exhibits at the fashion show, which

opened formally today at the Coliseum,

witnessed the passing of the artificial

wide shoulder and bore evidence that

superficial exotic in future will be left

on the chest.

The overcoat of the "man who

knows" will not be loose and baggy.

The latest thing in keep-warm clothing

is called a "great coat." Any size will

fit anyone fairly well, but is guaranteed

to fit any individual perfectly. The

coat will bear the winter collar of last

winter, only more so.

The "great coat" close fitting col-

is as plain on the blacklist and

most favored successor is one that

looks somewhat like the Elizabethan

tuff.

Flowers have come into their

own.

Their only rival for popular fa-

vor is the plain, well-tailored tie, which displays

a simple set of contrasts when

matched four-in-hand.

BARTENDER SHOT DEAD.

Now in Arizona Saloon Reports in

Tragedy—Coroner's Jury Returns

Verdict—Slayer in Jail.

[BY DIRECT WIRE TO THE TIMES.]

WINSTON (Ariz.) Aug. 2.—[Ex-

clusive Dispatch.] Jack Miller, bartender

of the Mission saloon, shot and killed

Johnson, bartender for the Wigwam

saloon, today about noon. The argu-

ment started while Miller was buying

drinks.

Miller became abusive and was or-

dered out of the place by Johnson.

Johnson came from behind the bar to

quarrel with Miller, and the latter drew a

gun, shot him again and Johnson

shooting him just below the heart.

Johnson died in ten minutes. No

words were spoken. Miller is in jail.

This is the second shooting within the

past few months.

The coroner's inquest is adjourned.

After an interval, the coroner's jury

WICKETS.  
LADY PLAYERS  
MAY NOT PAD.Comely Maids and Matrons  
Tackle Cricket.Feminine Bowlers Will Put  
"Maidens Over."Mere Man in Match to Each  
Be "Southpaw."

Despite the air of superior disdain  
with which the leather-junged, blow-  
in-the-bottle American baseball fan af-  
fords to look upon cricket, the great  
English game is steadily widening its  
foothold in the affections of Southern  
California's sport lovers, and the  
smallest impetus to its popularity ever  
received, will be the "ladies' game" statuted for the old Santa Monica polo  
grounds a week from next Saturday.

However much carpings critics may  
aver that cricket is a "ladylike" game,  
this will be the first time, at least for  
this section, that the term will be liter-  
ally justified. Ladies have played  
cricket in other parts of the world,  
but this is positively their first ap-  
pearance at the bat—or, if we are to  
be technical, before the wicket—in all  
of Southern California. From the in-  
terest which the forthcoming event has  
inspired, however, the sporting sages  
are justified in the prophecy that it  
will not be their last.

A ladies' team, to be captained in  
all probability by the world's tennis  
champion, May Sutton, will take in  
turn the wickets and the field against  
the cream of the Santa Monica Cricket  
Club, under the captaincy of C. P. Hurd-  
itch, cricket crack and one of the  
best players that the Staten Island  
Club has turned out. W. H. W. Wilkes,  
H. F. Elliot, W. Wilkes, T. Jamieson, P. J. Tompkins  
and "Pat" Higgins, father of South-  
ern California cricket.

*Joke.*—No joke at all. It is going  
to be a serious game, and the ladies  
will play in these parts. Not only that,  
but it is whispered among the ex-  
perts of local cricket circles that the  
ladies have better than an even chance  
of winning. Southern California made  
its athletic mark by means of its  
athletes. Moreover, those who will defend their sex  
with the big, hard horsehide and the  
upholstered finger-mitts are no strangers  
to the game.

OFFICIAL "LINE-UP."

The official line-up (that is the  
correct word) of the ladies' eleven has  
not yet been made public by Mrs.  
Woodhams, its organizer. It is prac-  
tically assured, however, that Ruth  
May and Florence Sutton will play,  
also Mrs. Hurditch, Mrs. Jamieson,  
Mrs. Elliot, Mrs. W. G. Cochrane, Mrs.  
W. Wilkes, Miss E. W. Bamford, Miss  
C. P. Hurditch and Mrs. "Pat" Higgins.

Not alone from the fact that all of  
these are either the relatives or the  
better halves of expert players, but  
from their own experience, they are as  
handy with the paraphernalia of cricket  
as any man is with his bowler. Merely  
as an indication of the caliber  
the men are up against, it may be  
mentioned that Mrs. Higgins, for instance,  
is nearly as good a cricketer as her athletic husband. She hails from  
Sydney, Australia, and in her recent  
Romantic Colours days was a prominent  
figure in the women's teams in that stronghold of the game.

The handicap is scarcely needed,  
perhaps, but in order to counterbal-  
ance their assumed superiority in  
strength and lasting power, the  
ladies will be given the assurance  
that all the men shall become southpaws  
for the occasion. Whether they can or not, they  
will have to bat and bowl and field  
entirely with their left hands. Cricket  
bowling is not as easy as it looks, and if  
best, it demands the use of the left hand. It is  
doubtful if any comments from the  
gallerie agent poor throwing will  
be directed at the feminine contingent.

WILL THEY PAD?

Whether the ladies will don the  
standard cricket costume or not is a  
vexed question; nothing official has  
been given out about it. Blouses,  
bodices, caps—even ball-proof skirts  
are easy matters, but the regulation  
pads, without which no cricketer would  
even defend a wicket—  
nobody

knows.

The regulation ball will be used; its  
rock-like hardness tempered by no  
merciful outside padding for tender  
palms. The ladies will be provided  
with light bats if they want them, but  
they are hardly likely to. And the  
umpire will be distinctly up against it  
in the event of an appeal as to the  
legitimacy of an "leg" before which

they will be at the very bottom.

While the actual outcome of the  
match may be a matter for specula-  
tion, it is certain that it will be a steam-  
winder. Also that, if the ladies win,  
they will do so by good playing and  
not by reason of the gallantry of their  
opponents. Also that it will be amus-  
ing to look at them.

They will be at the very bottom.

GETTING INTO SHAPE.

That the field shall be one worthy of  
the great event is a matter of no little  
concern to the Cricket Club. Already  
men and teams are at work on the old  
polo grounds, leveling and scraping,  
digging and rolling the big rectangle  
where the pitch is to be held. The 22-  
yard pitch will be heavily rolled, a  
strip of matting, six feet wide, laid  
along its entire length, from crease to  
crease. The pitch will be perfect, the  
wicket fast, the outfield beyond re-  
markable. A big crowd which the  
unparalleled attraction will draw, a  
grandstand will be provided.

The game will probably begin, after  
the Australian fashion, at 11 a.m., and  
it is expected that both sides will be  
out by 6 o'clock, obviating the occa-  
sional cricket fiasco known as a  
draw. At 6 o'clock the game will pause  
long enough to justify one time-out

SOONERS.  
NO ROCK FOR  
THOROUGHFAREHIGHWAY COMMISSION HAS TWO  
REASONS FOR DELAY.

County Scoured in Vain for Supply  
of Crushed Stone Fit for Paving  
Road to Harbor; Besides, Fills  
Must Be Settled by Winter Rains,  
Says the Report.

The Highway Commission is taking  
the stand that the citizens of the har-  
bor towns must be saved from them-  
selves in improvement of the harbor  
traffic thoroughfare.

After searching over the entire coun-  
try for a quantity of stone sufficient to  
complete the boulevard before the  
rainy season, the commission found  
nothing but sand and gravel.

The commissioners are not going to be  
convinced that the work on the  
thoroughfare can be completed in time  
to meet the coming rainy season.

"We have already pointed out the  
fact that a portion of this road on  
the west side of the harbor will be  
completely filled in before the coming  
rainy season.

The commission also states that it  
will be advisable to put in heavier  
pavement on this highway than on the  
other improved roads as it will have  
to bear up under the strain of much  
traffic.

The supervisors took a trip yester-  
day afternoon over the thoroughfare.  
They examined an area of con-  
crete, with the city authorities, before  
any further action is taken.

be completed this dry season, which  
is a physical impossibility, its usefulness  
for the purpose of hauling freight  
by automobile trucks would be limited

during the rainy season by the soft  
condition of these fills, as well as by  
the long and circuitous stretches of  
dirt roads at the lower end of the  
thoroughfare. Furthermore, in building  
the road piece-meal, the work would  
probably be materially increased.

"The importance, eventually, from  
an industrial and traffic standpoint, of  
this main thoroughfare between the  
business center of Los Angeles and its  
water front at Wilmington and San  
Pedro, can scarcely be exaggerated.

The gentlemen who are urging this  
improvement are not only sincere at this  
time, but are beyond doubt deeply and  
firmly convinced of its value.

"It may not be generally known that  
some of them are perhaps unconsciously in-  
fluenced by many false and slanderous  
rumors which have been circulated by  
malicious and ill-informed persons.

"The certain portion of this road  
which is to be built will be completed  
at all under the bond issue, and  
that this is very likely one of them.

"However, on receipt that this harbor  
will be built and completed by 1911, and to  
this end a contract will be let before  
the coming rainy season.

"The commission also states that it  
will be advisable to put in heavier  
pavement on this highway than on the  
other improved roads as it will have  
to bear up under the strain of much  
traffic.

The supervisors took a trip yester-  
day afternoon over the thoroughfare.

A search for a horse thief, who is  
believed to be lying dead in a

hour this morning by officers of the  
Central and East Side Police Stations.  
At the time of going to press  
the corpse had not been located.

John Joseph, No. 22 Date street,  
telephoned to the Central Station

## THE PUBLIC SERVICE--In the Courts and Offices.

## SUMMARY OF THE DAY.

The Council is considering leasing the old Phillips block for housing overflow city offices.

J. C. Durrett told in Judge McCormick's court how his wife, Mary, left him and became an actress, appearing at the Grand Operahouse and Belasco Theater.

Flora Kanoff, of Pasadena, married Emil Reuter when he had another wife in the East, and she testified in Judge McCormick's court yesterday that her alleged husband had taken all of her money and invested it in Imperial property under the name of his new wife.

A new jury was drawn for duty in Judge Mow's court yesterday, and the panel will report today.

Louise Brunner was allowed \$2000 yesterday by Judge Crowe for the support of herself and family during the pendency of the divorce action against Herman Brunner.

F. R. Goodrich and C. S. Haber, collectors for the Pacific Light and Power Company and the Southern California Edison Company, respectively, were sent to jail yesterday when they failed to put up bail after being arraigned on complaints of illegal charging. Attorneys left for San Francisco last night to apply for a writ of habeas corpus.

H. B. Fournier, agent for the Cashier Cash Register Company, who shot at a man who was trying to help him start his automobile, paid a fine of \$50 in the police court.

## AT THE CITY HALL.

## SOON TO HAVE THREE HALLS!

## COUNCIL MAY ADD THE PHILLIPS BLOCK TO CITY'S LIST.

Overflow from City Hall to Be House on North Spring Street While Temple Block Site is Working for an Income—Combination Storehouse and Rent Saving.

If the plan now discussed by the Council Supply Committee is adopted Los Angeles will have three City halls. It will have the present one, which part of the city officials occupy; it will have the Temple block, bought for a new building, and it will have the Phillips block on North Spring street, formerly Hamburger's store. It will own one, will be buying the other on the installment plan without a "down" payment, and will lease the Phillips block.

The Phillips block scheme is for the purpose of housing all the city officials in one building, and saving the \$40,000 rent bill each year. In addition, it would serve as a municipal storehouse and remove the necessity of spending \$10,000 or more for a building on some city property. The block, the committee is informed, may be leased for \$400 a month, which will more than meet the cost.

The latter is not regarded as adequate in its present condition for city offices.

The Board of Health has already voted for quarters in the Temple block, and the Building Inspector finds the necessary improvements would cost \$600. To make the building habitable for office purposes for many departments would require many thousands of dollars, and the committee is considering by leasing the Phillips block for a short term—a year or two—while reparations for the new City Hall are being made. Incidentally, it would save the removal of the aqueduct and water system which occupy a whole four or five stories in the Central Building to the used property.

## BACKS UP.

MODIFIED BOOZE RULING. Confusion was profound. That an liquor ordinance is not what the police Commission announced it was at today night's meeting. Rather the new ordinance is what it is, but the commission's "instructions" prepared with such "distrust" and "suspicion" and announced with some ceremony, were not a true interpretation.

Accordingly, Secretary McKeng of the commission issued a second "instruction" yesterday, amending, modifying and correcting the former issued Monday night, as follows:

"The office of Prosecuting Attorney as authorized the following an interpretation of that portion of the liquor ordinance relating to existing restaurants and permits and announced with some ceremony, were not a true interpretation.

committee composed of O'Brien, Retouski and Whitten to investigate and report next Tuesday.

## MAYER'S RUBBER STAMP.

Because Acting Mayor Lusk has no rubber stamp, his signature with which to sign pay checks, Mayor Alexander, who has a stamp, returned to the city yesterday from his vacation retreat near Glendale, and Lusk remained his seat in the Council. The salary checks of the city are stamped with the Mayor's name and the little rubber stamp prevents manual work. Incidentally Mayor Alexander wanted to give Lusk an opportunity to vote on the city attorney's nomination and took it into the police department muddle a little.

## FRIEND IN NEED.

George Williams, attorney for the Vernon brothers, who are doing their best to destroy the contract system of garbage collection in Los Angeles, appeared yesterday as the attorney for Reuter, it was alleged that the second wife had agreed to accept \$500 for the settlement of her claim against her ex-husband, and that in reality he had been given notes aggregating \$700 on that account.

It was stipulated that the case should go over until certain depositions are filed in behalf of the defendant, but, the woman is entitled to damages for performing services that she supposed were due from her as the wife of Reuter, it is still to be decided.

## BRUNNER CASE AGAIN.

## WIFES GET ALLOWANCE.

Judge Crowe came from Santa Barbara to give the attorneys in the Brunner divorce action another hearing yesterday. This was for the reading of several depositions that had just arrived from St. Louis, and to consider the motion made by attorneys for Mrs. Brunner that the court make her a suitable allowance for her support, as well as attorney fees. When the action was filed it was the wife of Mrs. Brunner was tied up with attachment proceedings, pending the outcome of the divorce action she had brought against Herman Brunner. It was represented to the court that Mrs. Brunner needed money to conduct her magnificent home in Alhambra, and Judge Crowe made an allowance of \$3000, although \$5000 had been asked for. The court refused to make any order preferring to wait until the final outcome of the case.

Herman Brunner, the aged defendant, was in the courtroom, the only member of the family in attendance. Mrs. Brunner and the faithful Teresa, who had stood by her mother through all of her trouble, and in turn taken millions for her safety, and believed he could again but the Finance Committee deemed the method unsafe. So Hance will go to New York and receive the precious documents there. A final resolution dealing the bonds will be made by the purchase of Kountz Bros., \$50,000; the New York Life Insurance Company and the Metropolitan Life Insurance Company, \$50,000 each, was adopted yesterday.

## HUSBAND LAUGHS WHEN LAW SETS HIM FREE.

## TESTIFIES WIFE WAS BITTEN BY SHOW BUG AND WENT ON STAGE—STATES WOMAN REMAINED OUT LATE AT NIGHT AND TOLD HIM IT WAS NONE OF HIS BUSINESS—ALL A JOKE.

## J. C. DURRETT, a manufacturing jeweler in the employ of Montgomery Bros., who could not keep from laughing while giving his testimony, the whole thing seemed to be such a joke—was given an interlocutory decree of divorce from Mary E. Durrett, who left her home on West Forty-first street to go on the stage and be a actress.

The Durretts were married in Dallas, Tex., in September, 1898, and the first of the fortnight stuck the wife in the head, and two weeks later appeared as Marian Rochester at both the Grand Operahouse and the Belasco Theater, according to the testimony of the deserted one yesterday.

The latter is not regarded as adequate in its present condition for city offices.

The Board of Health has already voted for quarters in the Temple block, and the Building Inspector finds the necessary improvements would cost \$600. ## EVENTS IN SOCIETY.

GENIAL John Clarke Okey has returned from Europe, and thereby hangs a tale. All know that he went to Paris some time ago to study art under Richard Miller, and was successful. In the same class was a charming little English girl, Miss Ida L. Taylor of Newcastle-on-Tyne, and since Mr. Okey's return it has been whispered that Miss Taylor is to visit Los Angeles as his bride. This, mind you, is only rumor; nevertheless, when questioned last evening, the groom-to-be looked awfully surprised and gasped in that "soon-to-wed" manner: "Why, who told you? We were trying to keep it a secret!" He is the son of T. W. Okey, the former manager of the Fuentes Oil Company, and is a nephew of J. Bond Francisco.

## Unique Gift and Wedding.

Could anything be more unique than a beautiful baby on which rested a small pumpkin filled with water? This is the gift presented to Rev. and Mrs. F. S. Brees Monday evening by more than 200 of their friends, who gathered in celebration of their golden wedding anniversary. The presentation speech was made by Mr. and Mrs. Coleman, who also read an original poem. On one side of the pumpkin the dates 1860 and 1910 were carved. J. G. Goodwin gave a witty address at the close of which Mrs. Anna McCary Johnson and J. D. Steele stepped to Rev. Brees's side and were married, making the enjoyable event a double celebration and surprise.

## Mrs. Rooney Hostess.

A huge mound of Cecil Brunner roses tied in a satin striped tulip and the cutest plaid ribbon together with corsage bouquets of the same blossoms were some of the delights witnessed by the guests at Mrs. H. M. Rooney's tea party yesterday afternoon at Hotel Alexandria. To further carry out the dainty theme the attractive guest of honor, Miss Mabel Moore, whose engagement to George Howard was recently announced, was attired in a beautiful gown of pink, with hat to match. The guests were: Miss Lelia Webster, Miss Johnson, Stacey, Miss Anna McDermott, Mrs. Oscar Bryn, Miss Johanna Malony, Miss Pauline MacLoy, Mrs. Edith Kinney, Mrs. Walker Byrnes, Miss Amelia Rivas, Miss Pearl Berry, Miss Rose Harp, Miss Grace, Miss Anna McGarry, Mrs. Paul McCormick, Miss Lois Gray, Miss Adele Smith and Miss Julia Smith.

## Wedding at Ebell Club.

A smart affair tomorrow evening will be the wedding of Miss Rose Alexandra, daughter of Mr. and Mrs. Alexander of No. 507 South Burlingame Avenue, to Bruce Robinson Wallace, a young business man connected with the American Olive Company. The nuptial service will be read in the Ebell Auditorium on South Figueroa street, where the bride-elect has graduated from the Girls' Collegiate School. Miss Marian McPherson will assist as maid of honor, and the groom's brother, Hugh Wallace, will be best man.

## Moral Whist Club.

Members of the Emerald Whist Club, recent guests at the home of Mrs. V. Schenck of No. 883 Wilton Place, Mr. F. Hickok and Mrs. Hogan are the successful prize winners. There were Mrs. M. Hornaday, Garrison, Mrs. H. G. McRae, Mrs. McArthur, Mrs. M. Hogan, Mrs. Seay, Mrs. E. Smith, Mrs. M. Brown and Miss Sadie Jones.

## Engagement Announced.

The engagement of Mrs. Ruth LaFette and Everett E. LaFette was announced recently at Cold Spring Camp. The bride-elect is the daughter of Mrs. R. H. Edington of Azusa. The wedding will be an event of the 11th.

## Birthday Anniversary.

The birthday of Mrs. E. Widmer, of Highland Park, was the scene of a delightful gathering recently in honor of the birthday anniversary of the hostess's daughter, Mrs. Ruth J. Widmer. The rooms were decorated with beds of carnations, roses and amaryllis, music cards and a collation were indulged in.

## To Santa Barbara.

Mrs. Hattie Lasher and her daughter, Miss Vida Lasher, left this week for Santa Barbara, where they will make their future home. They are members of Globe, and during their stay in this city were guests at the home of their cousin, Mrs. Anna E. May of No. 556 Second street.

## Unseen and Bridge.

The Misses Mae and Aurora Armstrong of Romeo street entertained yesterday with a luncheon and bridge party, their guests were members of Everett Bridge Club. The tables were dressed with beds of carnations, roses and amaryllis, music cards and a collation were indulged in.

## My Theater Party.

One hundred and fifty pupils of the Los Angeles Commercial College occupied the room at the Orpheum at Saturday evening. The entire party assembled upon the floor of the building at 7:30, and were convened in the theater. The tables were arranged in the form of a theater, and the chairs were kept on cards adorned with summer scenes.

## GLAD HE'S BACK.

Hotel Proprietor, Home from an Eastern Tour, Welcomes Cool Breezes of Los Angeles.

One of the happiest arrivals in Los Angeles yesterday was E. L. Potter, proprietor of the Van Nuys Hotel, who, with his wife, has been traveling through the East and South during the last two months.

"I never knew how well I liked Los Angeles," he said, "while in my short stay here, until the cool breezes fanned me after crossing the desert on the way back."

Mr. Potter visited his new hotel with his building at Seabreeze. It is the first reinforced concrete building ever constructed for hotel purposes on the Florida Coast, and is attracting considerable attention on that account.

Again I must remind that to receive an answer there must be a self-addressed and stamped envelope inclosed; and please be patient.

Perfection of detail in hotel was described by Mr. Potter, who visited many of the large hotels of the country on his tour.

He has a dining-room under the mountains. A cave has been blasted out of the rock. A large dining room is built in the cave, and the guests wind back and forth on their way to the banquet-room. The wine for the banquets is packed in on a little burro, California cowboys, cow ponies, and their accessories furnish amusement for the guests.

## HIT FIGHT PICTURES.

Residents of Ocean Park Start the Circulation of Petitions for Proposed Abolishment.

OCEAN PARK, Aug. 2.—Those who oppose the exhibition of the Jeff-Jack prize fight pictures here are starting petitions to that effect. Those asking the action of last night, when the permission was granted to flash them on the screen at the Venice Auditorium, are rescinded. The Trustees have not yet received any formal request to meet in special session, but they are expecting it. They have expressed themselves as being anxious to act in this matter, as a majority of their constituents may desire. The women's clubs have protested against the showing of the pictures.

W. H. White, formerly of Chicago, has been elected secretary of the Chamber of Commerce and has entered upon his new duties.

For a stated cash consideration of \$10,000, Steinman & Kramer today purchased from H. M. Moore a frontage of 117 feet at Paloma's avenue and Speedway. The property is improved, being a fine apartment house on it. The new owners say they will build a hotel.

Flour sacks of coarse cotton may be purchased for a few cents per dozen, from the maker; and they make very good dish towels and dusting cloths or floor cloths.

## FACTS, FEATURES AND FANCIES FOR WOMEN

BY OLIVE GRAY.

A DAILY beauty hint: A complexion brush used in connection with a cold cream has a wonderful effect in removing the blotchy appearance of the skin. Do not use too harsh a brush at first, but gradually insure the face to its use.

At this season one appreciates the many little accessories of the toilet, and particularly if they are so put up as to prove convenient for use in travel or to carry to the beach or country.

I noticed, at one of the Broadway stores which is noted for its many pretty and high class novelties a case containing a tiny can of talcum powder, a miniature jar of cream, a small cake of toilet soap, a wee blit bottle of tooth powder and one of toilet water, all neatly and safely put up in a compartment box. The goods are the best. Valentine's in fact, and so convenient to carry in the hand-bag or the traveling satchel. There is also a manure outfit put up similarly, with very complete equipment for a quarter and one less elaborate for only ten cents.

A novelty noticed here is the perfume crayon, which comes in a wooden case, and by means of which gloves, handbag, etc., may be prettily perfumed with an odd fragrance.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

PASADENA.

## 'JUICE' WAR SPARKS FLY.

City Council Proposes to Cut Rates.

aid to Be Moved to Deny the Sale to Company.

Statement Presented by Edison Concern.

low of The Times, No. 24 E. Raymond Ave., PASADENA, Aug. 3.—After several days' respite, the final of the electric-lighting war between the city administration and the Edison company is raging with greater ferocity than ever. After a long star chamber session, in yesterday morning, prior to the regular meeting, the City Council proposed a set of resolutions avowing its willingness in making the Municipal Lighting Plant strictly a Pasadena institution. Of course, it may be that Council granted a complete reprieve to the Municipal Light League, which was organized by City Attorney Perry, Wood, and Manager Koehler, and which is working for the purpose of getting rid of the Edison company. The union bosses have reason to feel discouraged by the action of the people of this city through the Chamber of Commerce and the City Council because the spirit of liberty in commercial and labor circles will prevail here as it has in the past.

REPUBLICAN RALLY.

The first big political rally of the year will be held tomorrow night at No. 33 East Colorado street, when the voters of Pasadena will be addressed by Phil A. Stanton, candidate for Governor of the Republican ticket, and by Dr. Robert J. Burdette. There will be other speakers. Arrangements have been made for a raising of the money to furnish the music for the occasion. This will be Stanton's first appearance in Pasadena since his campaign was started. He has a host of good friends who are loyally supporting him, and the capacity of the hall will be taxed to bear him. Dr. Burdette can always be depended on to draw a full house, even when he is the only attraction, but the big double-header tomorrow night will be filled to the brim.

The Filming controversy was settled yesterday in an open Council meeting when Lloyd Macy and others appeared and agreed to pay the assessment against the property for the other city street, plus the cost which the city has been compelled to pay to take an appeal. The matter was decided in favor of the city in the lower courts and the Appellate Court was to have rendered a decision.

The final reading of the ordinance against picketing at Friday night's City Council meeting was to "make hay while the sun shines," and get every one connected.

The reasons for taking the action did not then tell a member of the Council that night, but he intimated some one had circulated a rumor that the Council is about to sell to the Edison company, and we are to show them that such is not
